

MAJOR TO PARE MONEY BILLS

The Appropriations Exceed the Revenues by 2 1/2 Million

Jefferson City, March 27.—Governor Major stated today that he will go over the appropriation bills early next week with a view to keeping the demands made upon the treasury department within a reasonable estimate of the revenues. Boards of managers and heads of departments will be called before him. He will require the boards of managers and department heads to sign an agreement that the money will not be called for unless the revenues of the future shall warrant the expenditures. If the boards or heads of departments balk on such an agreement, their appropriations will be vetoed. The appropriations amount to more than 14 million. The state auditor estimates the revenue at approximately 11 1/2 million dollars.

MUSIC CLUB

The Music Club met at the home of Mrs. J. W. Patterson on Monday, March 22. There was a fairly good attendance and the program, a miscellaneous one, was followed by various items of musical news. MARRIED

A pretty wedding was celebrated at the home of the bride's parents, Mr. and Mrs. Geo. A. Allen living north of town on Spring river, at 10 o'clock Sunday morning. The parties launching on the sea of matrimony were Miss Leta Allen and Grover Weldy. Rev. J. F. Stockstill, pastor of the Spring River Baptist church, pronounced the words which made the happy couple man and wife. Only a few relatives and intimate friends were present.

Both the bride and groom are too well known to need words of praise from us. Grover Weldy is the son of A. J. Weldy and was born and raised near Verona. He is an industrious young man of exemplary habits. The bride is the only daughter of George A. Allen and she has lived all her life near Verona and is an accomplished and industrious young lady.—Verona Advocate.

TO TEACH AGRICULTURE AT M. U. SUMMER SCHOOL

The largest number of courses in agriculture ever given before in the summer session at the University of Missouri at Columbia, June 10 to August 6, will be offered this year, according to J. D. Elliff, director of the work.

"In addition to the regular work offered," said Mr. Elliff, "we shall offer advanced work in animal husbandry, and courses in dairy husbandry, entomology, farm crops, horticulture, soils and poultry husbandry. All departments of the College of Agriculture will be represented. In the courses in agronomy it is planned to give students a practical knowledge of the handling of Missouri soils, their kinds and distribution and the principles underlying their permanent maintenance and productiveness."

A model playground, fully equipped for grade and high school pupils will be maintained. The University Elementary School, a school of experiment and observation for teachers, will be open from June 14 to July 16. Children of parents attending the Summer Session may attend this school.

"The variety of work we shall offer and the ability of the teachers employed will not be equaled by any summer session given in America," said Mr. Elliff. The announcement of courses given in the Summer Session has just been published.

IS THERE ANYTHING IN BASEBALL THAT THIS MAN COBB CAN'T DO?

In the April American Magazine Ring W. Lardner, author of "The Letters of a Busher," chooses an all-American baseball team. Of Ty Cobb, the great Detroit player, Lardner says in part:

"Cobb could play left field all right. He could pitch if he made up his mind to. If that bird's got a weakness, or if they's anything in baseball that he can't do, he's been keepin' it pretty well hid from yours respectively. If part o' the game was to jump off o' the Washington Monument, Ty'd be the first one to do it, and he'd do it better'n anybody else."

PAINTER TO RUN FOR GOVERNOR

Friends of the Carrollton Editor Say He Is In the Race to Stay

W. R. Painter of Carrollton, Mo., lieutenant-governor, will be a candidate next year for governor. Mr. and Mrs. Painter were at the Hotel Baltimore this morning.

Numerous Kansas City friends and politicians called upon Mr. Painter and discussed the governorship race with him. They said he is in the race to stay and that a formal announcement of his candidacy would be made shortly. When asked his intentions, Mr. Painter said:

"The primaries are more than a year off. I will make a formal statement of my position so all my friends may know just where I stand when the proper time comes."

Mr. Painter has been lieutenant-governor and presiding officer of the state senate the last four years. He is editor of the Carrollton Democrat.

ANNOUNCEMENT PARTY

Miss Maude Gibbons entertained the members of the Elite Club, Friday evening. The evening was spent in social chat and a general good time.

An excellent lunch was served. The table was beautifully decorated in honor of the Easter season in Easter eggs and rabbits. Tiny chickens bore the place cards.

The announcement of the approaching marriage of Miss Lucy Gibbons to Mr. George Rice was made in a unique way. Orange cups tied with ribbons were brought in as dessert. Inside each cup was found a rose in the heart of which was a scroll of paper tied with a ribbon which being opened contained the interesting announcement.

The guests were Misses Blanche Clutter, Margaret Edgar, Cora Lester, Lucy Gibbons, Josie Cassity, Mildred Morrow, Vera Feist, Edna Green, Geraldine Christopher, Gladys Price, Helen Lehnhard and Mrs. Wm. Gray.

A GREAT FIGHT AGAINST CHINCH BUGS

Farm and Fireside says: "To fence against chinch bugs, 1-500 miles of barriers were laid down to protect cornfields last year. The average yield of the protected fields was 25 bushels to the acre, and it is estimated that the barriers added to the yield of corn the value of \$714,710. This sort of work has to be done by co-operation."

IMPROVEMENTS PLANNED FOR Y. M. C. A. CAMP AT HOLLISTER

Hollister, March 27.—A committee representing the Y. M. C. A. of Missouri, composed of Chas. L. Knauer of Gallatin, J. H. Banks, state secretary, and A. C. Rubert, local camp manager were here this week going over the grounds of the Y. M. C. A. recreation camp at the mouth of Turkey creek, directing the preliminaries of a large amount of improvements which will be done on the camp grounds this spring. A contract has been let to W. S. Hinman to build a large dining room 60 feet square, with kitchen 12 by 40 feet, and commodious store room; also a gymnasium building. These improvements will be on the campus near the present site of the administration buildings. On the tract lying above the campus and overlooking the lake and valley, some 200 feet above water level, will be a picturesque lookout or observation house, constructed of pine and cedar logs, connecting which with the administration building will be a rustic trail.

The Y. M. C. A. will open May 15, fifteen days earlier than usual, and every preparation is being made to accommodate twice the patronage of last season. Tremendous interest is manifest among the Y. M. C. A. throughout Missouri, Oklahoma, Kansas, Arkansas and even into Texas in the Hollister camp, most accessible of the four interstate camps, the other three being at Estes Park, Colorado; Lake Geneva, Wisconsin, and Lake George, New York. The Hollister Y. M. C. A. camp embraces fifty acres lying at the junction of White river and Turkey creek, having a water frontage of half a mile, affording ideal bathing, boating and fishing.

Several cottages will be built this summer by individual members, in addition to eight or ten bungalows already erected and belonging to officials of the association. Plans are on foot to raise a building fund of \$10,000 for next season. This will not be finally determined until the close of the present season. If the patronage is as large as anticipated, extensive improvements must be made to take care of visitors.

The first event on the program this season will be the railway secretaries' school which is expected to convene May 15.

A Specific Against Colds

"If there is such a thing as a specific against colds, it is to be found in the sleeping porch or the open bed room. Next to that comes the cold sponge bath in the morning," says the Youth's Companion. Be as careful as you can you will occasionally take cold and when you do you will find Chamberlain's Cough Remedy a great help in enabling you to get rid of it. Try it. Obtainable everywhere.

Some of our neighboring towns are talking of establishing rest rooms similar to the one at Monett. They are a great convenience to visitors to the town as well as our home shoppers.

Don't throw your trash and tin cans in ditches to be washed down on some body else's property. Put your tin cans and unburnable trash in a box and burn old rags, papers, etc. When you burn a pile of paper stay with it until it is all burned. If not it will blow about and make things look untidy. Our business men are very careless in this respect.

BABY DIED

RAY-COX NUPTIALS

There was consummated a very happy wedding at the home of Mr. and Mrs. Malone Cox of Purdy, Sunday afternoon at 3:30 p. m., when the holy bonds of matrimony were pronounced by Rev. E. W. Love, that made made Floyd Ray and Miss Lona Cox husband and wife.

Mr. Ray comes from a good family of near Butterfield, and has been successfully teaching school in this county for a few years and we believe will make a splendid husband.

Mrs. Ray comes from a splendid family of Purdy, and no doubt will gracefully preside over their new home at that place.—Cassville Democrat.

THE GREATEST THROWER IN THE BIG LEAGUES

In the April American Magazine Ring W. Lardner, author of "The Letters of a Busher," picks an all-American baseball team. He calls his article "Some Team," and for one of his catching staff he chooses Archer of the Chicago Cubs, whose playing he briefly describes as follows:

"I don't care what they say, they's nobody in the big leagues that can throw with Archer. He can hold the ball till a guy begins slidin' to second base, and then get him standin' up. And he can be sittin' on one ear when he makes the throw, and it'll go where he's aimin' just the same. He's as good as any of 'em at outguessin' guys; he can receive with the best of 'em, and he'll catch all the foul flies that stays in the park. So how can you beat him? And he ain't no rotten hitter, neither."

The Court of Last Resort

Around the stove of the cross roads grocery is the real court of last resort, for it finally over-rules all others. Chamberlain's Cough Remedy has been brought before this court in almost every cross roads grocery in this country and has always received a favorable verdict. It is in the country where man expects to receive full value for his money that this remedy is most appreciated. Obtainable everywhere.

FRISCO MAY DISCONTINUE SEVERAL TRAINS AS RESULT OF RATE DEFEAT

Springfield, March 28.—General Manager E. D. Levy of the Frisco will call a meeting within a few days of all general superintendents and division passenger agents to confer with him and Alexander Hilton of St. Louis, general passenger agent, relative to several minor changes in schedule and the probable discontinuance of a number of passenger trains.

Just which trains and how many will be discontinued will not be known until after the conference, Mr. Levy stated. The refusal of the legislature to enact legislation looking to an increase in passenger and freight rates is given as one of the reasons for the necessitated retrenchment.

Although Mr. Levy declined to state which trains were being considered for probable discontinuance, rumors have been persistent in towns along the Chadwick branch line that the passenger service probably would be discontinued and that passenger traffic over that sub-division would be confined to the accommodation freight as operated several years ago. The passenger train on this branch has been discontinued at various times during the last few years but was reinstated each time.

The discontinuance of trains is made possible by the recent decision of the United States supreme court in the West Virginia two-cent rate case and the North Dakota Coal case in which the court ruled that railroads were not obliged to perform any service for less than cost and a reasonable profit.

The state of North Dakota held that profits derived from the handling of other freight justified the loss in the carrying of coal. The court held that the state could not compel the railroads to carry coal at a loss even though the revenues of other commodities were profitable and in a measure made up for the loss.

ROGERS IS TREATING WATER SUPPLY

Rogers, Ark., has been having an epidemic of typhoid fever and is taking stringent measures to stop the disease. Believing their water supply was at fault they have flushed all hydrants and all water delivered into the city mains is treated with hypochloride of lime, one grain to every ten gallons. It is not injurious to the health, is tasteless and is said to be a satisfactory way of purifying water in an emergency.

The city is talking of putting in a filtering plant. They have plenty of water but it has been contaminated.

W. T. Azbell, ex-postmaster of Edwardsport, Ind., writes: "I suffered from severe trouble with my kidneys and back. First bottle of Foley Kidney Pills gave me relief." Thousands testify that backache, rheumatism, sore muscles, aching joints and bladder weakness vanished when Foley Kidney Pills were taken. For sale by A. H. Cox & Co.

TWO BRAKEMEN FOUND DEAD ON TOP OF TRAIN

Denton, Tex., March 25.—The bodies of Joe Jackson and John W. Ryan, brakemen on the Missouri, Kansas & Texas railroad, were found on top of a freight car here early today. Both had been shot and their pockets rifled. The men were last seen alive when the train on which they were employed left a gravel pit fifteen miles south of Denton. Three white men have been detained.
